

Public Relations Services

AppSwarm, Inc. is a publicly traded company in the US, that trades under the ticker symbol [SWRM](#). We recently launched our new crypto news site Bitcharts, and it already has a strong base of followers due to us already being a publicly traded company. <http://www.bitcharts.io> <http://www.app-swarm.com>

AppSwarm and BitCharts have thousands of followers and shareholders.

Social Media Distribution

AppSwarm posts daily (sometimes multiple times) on a number of social network sites, seven days a week, and can assist in distributing your news updates, or current quotes to a wide-range of investors. We would steer posts towards your unique profile on Bitcharts.io

Twitter following: 14k
www.twitter.com/appswarm

FaceBook following: 6K

Investors Hub News Distribution

Investor's Hub, which has over 250,000 active daily users and Crypto is about 75% of what is being discussed across their various message boards

<https://investorshub.advfn.com/> This is a link to show how massive their reach is
<https://ih.advfn.com/marketing/distribution-channels>

We also utilize Investor's Hub release service ADV N Crypto NewsWire, which hits tens of thousands of Crypto specific clients. It offers Distribution for Cryptocurrency related news. You can advertise your ICO, Bitcoin, Ethereum and other coin related news using this distribution list. Unlimited word count, pictures, and videos.

Nation News Wire Service

We can assist in drafting releases, and include your company in a couple of releases that would be distributed out through a national news wire service to the below short list: For a very detailed list of just how massive our distribution service is through GlobeNewswire please follow this link
